To

The Collector and Chairman,
Rural Development Board, Bijapur.

Sir,

Forest area is small and is restricted to Southern Division. The area above the Krishna is a treeless tract. Petrol shortage was responsible for abnormal cutting of trees to provide coal to run buses and trucks. It is now difficult to obtain firewood at reasonable rates. Pressure on dung cakes is increasing when the need of manures is keenly felt. Trees are useful for Timber and other purposes in this dry tract. Their growth has now become an urgent necessity.

The methods adopted so far have been propaganda and xxxx observance of 'Arbor' day. They are useful but have not -- substantially increased the number. Additional methods have to be devised and compulsory measures may be adopted.

The Wilson Anti-Famine Institute runs nurseries. The Forest department and the Institute may be requested to supply free of cost seeds and seedlings, of trees useful for Timber, firewood, Shade and even fodder such as babul, Nim, Tamarind,

Villagers are wiking to plant trees. The problem is to water them for first two years and put up fence. I suggest the agency of the Village Panchayat Committee or Cooperative Socie for this work. The Government may be requested to sanction a sum of Rs.10,000 per every thousand trees planted and reared. The Committee or Society has to whip up enthusiasm among -- cultivating owners or tenants and induce them to grow trees; it may utilise its funds to fence and water the planted trees. Government waste lands, river side and nala-side sites may be reserved to grow trees.

A clause may be inserted in the agreement to grow a reasonable number of trees when Government advances loans for agricultural improvement and pays subsidy to dig a well. This clause can be enforced.

A rule may be added to the existing rules under the Land Revenue Code to prohibit cutting of trees without a permit. Permits may be given on condition of planting and rearing twice the number of cut trees. Young trees should not be allowed to be cut.

Action may be taken under D.P.Act, to prohibit grazing of sheep and goats as a measure of protection similar action was taken in 1945 at the instance of Land Improvement Officer.

Members of R.D.Board may help in steady rise in growth of trees in their respective villages. The Forest Department is active in this respect; the P.W.Department and District Local Board may be requestedto increase road-side trees.

The above suggestions may be considered and with modifications or additions be forwardedto Government for taking necessary action.

15-12-1947.

Your obedient servant,
P.G.Sidhanti.

The Secretary to Government,
Home Department, Bombay.

Subject:- Increase in special pay and conveyance allowance to the visiting Medical Officer at Bijapur settlement.

Reference Government Resolution, Home Department No. 8596 of 29-5-1937.

The S.M.S.Officer in sub charge Civil Hospital, Bijapur is appointed as Visiting Medical Officer for Reformatory and Industrial Sections of the Bijapur settlement on a special pay of Rs.12/- and a conveyance allowance of Rs.8/-P.M. plus 10% increase as per G.R.F.D.No.2091 of 12-5-1945.

The S.M.S.Officer has now represented that the Reformatory section is 3 miles away from his residence in the Civil Hospital and the Industrial section is two miles. He is required to pay two visits a week for both the sections of the settlement. Considering his extra work, the special pay and conveyance allowance granted to him is too meagre. He has to spend more than what he gets as conveyance allowance. He therefore requests for increase in his special pay to Rs.25/- and that in conveyance allowance to Rs.12/-P.M.

2. The Civil Surgeon, Bijapur recommends to increase the Special Pay and conveyance allowance suitably as requested by the S.M.S.Officer.

3. The Assistant Backward Class Officer, Southern Circle, Dharwar states that the settlements are situated at a distance of 2½ miles from the S.M.S.Officer's residence. The S.M.S. Officer has to pay Rs.2/- to 2-8-0 on each occasion for Tonga/

More.....

[illegible] above the amount of actual travelling expenditure over and above the amount of [illegible] conveyance allowance. He is required to spend about 2 hours in the settlement on each occasion as the average No.of patients taking treatment is 20. The local private medical practitioners charge a fee of Rs.5/- for their visits in the city. In the circumstances explained above the request of the S.P.S.Officer is reasonable and it may be acceded to.

The S.P.S.Officers visiting other settlements like Indi and Ambegaon settlements are paid Rs.5/- per visit for two visits a week and the visiting medical officer at Sabli is paid Rs.5/- per visit for 4 visits a week. Due to the present day living conditions, the request of the S.P.S.Officer, Bijapur is quite reasonable, and I strongly recommend that the special pay of Rs.12/-P.M. and the conveyance allowance of Rs.8/-P.M. now being paid to the medical officer may kindly be increased to Rs.25/- P.M. and Rs.12/-P.M. respectively with effect from 1-3-1946.

The extra cost on this account will be met out of the grants under the major head "28-Jails and convict settlements-charges in connection with the settlements of Criminal Tribes." for 1946-47.

Under the orders sanctioned in G.R.H.D.No. 8596, dated 29-5-37, for continuance of the spl. pays to the S.M.S. Officers for rendering medical aid to the Criminal Tribes Settlements, the S.M.S Officer at the Civil Hospital, Bijapur, at present draws a special pay of Rs.12/- p.m. for visiting the Criminal Tribes Settlement, Bijapur. The S.M.S.Officer also draws a conveyance allowance of Rs.8/- p.m. plus the 10% increase sanctioned in G.R.H.D.No.2091, dated 12-5-43, and he is required to pay visits, twice a week, to both the sections of the Settlements, viz., the Reform-atory Section and the Industrial Section, which are situated about 2½ miles away from his residence in the Civil Hospital at Bijapur.

[Ex Note Book ... p 59 of file 8596]

v file 3227/4 fp 113

2. For visiting the Settlements, the S.M.S. Officer at Bijapur has to spend about Rs.5/- a week for conveyance or Rs.20/- p.m. for which he gets about Rs.8-13-0 p.m.(including the increased rate of c.a.). He has also to attend the Settlements for about two hours for the treatment of patients whose average number on each occasion is about 20 and for this he gets a special pay of Rs.12/- p.m., while the other local private medical practitioners charge a fee of Rs.5/- for their visits in the City.

3. On the analogy of the payments mentioned below made to the other S.M.S.Officers visiting other Criminal Tribes Settlements, the B.C.C. recommends strongly the grant of a special pay of Rs.20/- p.m. and a conveyance allowance of Rs.12/ p.m. to the S.M.S. Officer at Bijapur:-

S.M.S.Officer.	Amount. Rs.
1. S.M.S.Officer visiting Indi Settlement.	5/-per visit twice a week.

S.M.S.Officer.	Amount, Rs.
2. S.M.S.Officer visiting Ambernath Settlement.	5/- per visit twice a week.
3. S.M.S.Officer visiting Hubli Settlement.	5/- per visit four times a week.

The Civil Surgeon also recommends that the special pay and the conveyance allowance paid to the S.M.S.Officer at Bijapur should be increased suitably.

4. As regards the increase recommended in the special pay it may be noted that the special pay is granted only when there is a substantial increase in work and responsibility. It is not clear from the B.C.O's letter, dated 8-5-46, whether there is such a substantial increase in the S.M.S.Officer's work and responsibility. The B.C.O. may, therefore be requested to clarify, with particular reference to the increase in population of the Settlement and the increase in the average number of patients since the special pay was last sanctioned.

5. As regards the recommendation in the increase of conveyance allowance from Rs.8/- to Rs.12/-p.m. it may be noted that such conveyance allowances are usually based on the amount of monthly mileage covered by the S.M.S.Officer concerned. Attention is invited in this connection to para.3 of B.C.O's note dated 5-8-33, from which it will be seen that the S.M.S.Officer is paying 8 visits per month or twice a week to the Bijapur Settlement since 1933, and it appears that the touring of the officer has not increased since the number of visits is the same. The main ground on which the proposal for the grant of increased rate of conveyance allowance has been made appears to be that the S.M.S.Officer has to spend more than what he gets as conveyance allowance or heavy expenses on conveyance. The

S.M.S.

S.M.S. Officer has to cover a mileage of about 40 miles during the course of a month for visiting the settlement and on the basis of the mileage covered by him, th conveyance allowance of Rs.8/- p;m. plus the 10% increase, appears to be adequate, according to the present revised rates of mileage allowance sanctioned in F.D.G.R. No.1922/33, dated 11-5-44. The B.C.O.may therefore, see u.o. for remarks as proposed above.

Re the c.a., the M.O. evidently has to hire a whole longa, (& not a single seat in the longa), & no doubt, has to take certain medical Equipment along with him. Two visits a week cost him at least Rs 16/- a month, & BCO's request is for Rs 12/- p.m. only. The present allowance therefore seems insufficient; but B.C.O. will no doubt give further remarks.

The special pay and conveyance allowance have ------

have been in force since 1933 and since then there has been no substantial increase in work and responsibility. The increase in the special pay to the S.M.S.Officer visiting Bijapur Settlement was proposed on the analogy of the payments made to S.M.S.Officers of Indi, Hubli and Ambernath. pending further consideration about the revision of special pay granted to S.M.S. Officers visiting other Settlements,,

I suggest that the question of increasing the special pay of the S.M.S. Officer visiting the Bijapur Settlement may be held in abeyance.

2. As regards conveyance allowance it may be pointed out that the M.O. has to hire a whole tonga, wait in the Settlement for two hours on an average and pay Rs 2/- to 2-8-0 per visit. The allowance cannot therefore be based on the mileage. The present rate of allowance is insufficient to re-imburse the actual cost, I would therefore urge that the conveyance allowance be raised to Rs 12/- p.m. with effect from 1-3-46. Early orders in the matter may kindly be issued.

Finance Department (C).

The proposal to increase the C.A. from Rs. 8/- to Rs. 12/- p.m. has been made mainly on the grounds stated in para. 2 of the B.C.O.'s u.o. note, dated 3.6.1946. The increased expenditure on conveyances which the S.M.S. officer has to incur, seems to be mainly due to two reasons (i) increase in the charges of conveyance hire and (ii) charges for detention. As regards (ii) above, it is not clear whether the fact that detention charges may have to be paid was not taken into account when the existing C.A. was fixed. It seems however, that the C.A. was fixed on the basis of actual expenditure incurred in normal times. Please see in this connection remarks in column 7 against serial No. 175-C in the statement forwarded to Secretariat Deptts. as an accompaniment to F.D. U.O. reference No. 2091-C dated 3-2-1938 dealing with the general reduction in the C.As. The only ground on which an increase in C.A. can be sanctioned is that at (i) above i.e. increase in the charges of conveyance hire. Since Govt. has already sanctioned a general tempy. increase of 20% on account of the increase in the charges of hiring a conveyance, there seems no necessity for increasing the amount of C.A. further on the same ground in this particular case. F.D. may however perhaps agree to a C.A. of Rs.10/- p.m. plus the tempy. increase on the analogy of the C.A. drawn by the S.M.S. Officer, Kopargaon for visiting the fodder farm vide entry No.101(vii) in Appendix XX

2. As regards 'A' of F.D.'s note it may be noted that under the orders contained in G.R.H.D.No.8596, dt. 5-2-26, a duty allowance of Rs.12/- p.m. for a minimum numbers of 8 visits and Rs.8/- p.m. as conveyance charges, was sanctioned for the S.M.S.Officer visiting Bijapur Industrial Settlement. For every extra visit, the S.M.S. officer was also paid rupee one as conveyance hire under the same orders. Similar allowances were also sanctioned to the S.M.S.Officer, visiting Bijapur Special Settlement, under the same orders. Under G.R.H.D.No.5665/2, dt. 27-1-31, the two settlements viz. Bijapur Industrial Settlement and Bijapur Special Settlement were amalgamated into one Settlement and hence only one duty allowance of Rs. 12/- plus conveyance allowance of Rs.8/- was confirmed in place of two separate allowances vide-G.R.H.D.No.8596,dt. 6-6-34. The distance between the two sections of the Settlement viz. the Reformatory section and the Industrial Section is about a mile and it seems from the notes in file 8596 that the charges for detention were not taken in consideration when the existing conveyance allowance was fixed. However, as F.D. agreed to c.a. of Rs.10/- p.m., a ref. to the B.C.O. in the matter does not seem necessary. If the suggestion of the F.D. is agreed to the S.M.S.Officer will get a c.a. of Rs.10/- with a tempy.increase at the rate of Rs.20/- which will

will mean a total sum of Rs.12/- p.m. For orders.
